

Associate of Arts

PROGRAM DESCRIPTION

Associate of Arts Program

The Associate of Arts degree (A.A.) provides a framework for understanding the disciplines and skills of a liberal arts degree, a foundation for further study at the bachelor's degree level, and an initial academic credential required for career advancement.

The curriculum for this program is grounded in the traditional liberal arts, prepares students to enter a broad variety of bachelor's degree majors, and provides students with skills that employers want most.

This degree is an affordable option for students who plan to transfer to four-year institutions after completing the first two years of study at Hocking College. The degree enables students to fulfill the undergraduate general education requirements of most four-year degree programs and is also recommended for students who have not yet decided the field they will enter or the four-year institution they will attend.

TRANSFER PATHWAYS

Hocking College provides students with the foundation and experiences they need to successfully enter the workforce or transfer to a four-year university. Transfer admission is guaranteed to any public four-year university in Ohio for in-state residents who have earned an associate degree from Hocking College.

Hocking College is also accredited by the Higher Learning Commission as a quality standard that assures Hocking credits will transfer. In fact, formal articulation agreements are in place for many academic programs.

In addition, Hocking College offers a complete set of general education requirements that are guaranteed to transfer to any Ohio public colleges and universities as part of Ohio Transfer 36.

For more information about transfer opportunities at Hocking College, visit hocking.edu/transfer-resource-center.
