

Environmental Science

PROGRAM DESCRIPTION

Environmental Science Program

The Environmental Science program provides the training needed to work in the environmental consulting field. This degree will cover all aspects of environmental science, including topics such as environmental biology, chemistry and geography as well as environmental ethics and natural resources skills.

A combination of field and lab experiences will prepare students for entry-level positions in environmental consulting, as well as local, state and federal agencies. This degree will also provide a good foundation for those students who want to continue on to another institution to pursue a bachelor's degree.

Places of Employment:

Ohio Department of Natural Resources (ODNR) Division of Wildlife and Forestry, Raccoon Creek Partnership, and Various Environmental Consulting Companies.

ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:
