

# Timber Harvesting & Tree Care

## PROGRAM DESCRIPTION

### Timber Harvesting & Tree Care Certificate Program

The Timber Harvesting & Tree Care Certificate Program provides experience in basic climbing equipment and its proper use in tree forestry. General and site-specific forest management planning, silviculture, soils, indicator plant identification, production and cost analysis, physical training, tree felling, climbing and bucking are included.

Climbing skills with emphasis on the efficient movement in trees, rigging and lowering techniques for pruning and tree removal with the use of chainsaws.

Bulldozers, skidders, and knuckleboom loaders and log trucks are also introduced.

Students completing this certificate can work in a variety of fields, including: forest or timber industry, land management, landscape management, forest management, urban tree management, park systems, government agencies, tree care companies, harvest operations, and timber assessment.

## EMPLOYMENT

The average starting salary in this field is between \$45,000 - \$65,000

Examples of places where Hocking College alumni have worked or are currently working include the following:

**The Davey Tree Expert Company · Barlett Tree Experts · logging companies · utility companies · municipal governments**
