

HOCKING TECHNICAL COLLEGE
ATHENS COUNTY
SINGLE AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

88 East Broad Street Columbus, Ohio 43215 IPAReport@ohioauditor.gov (800) 282-0370

Board of Trustees Hocking Technical College 3301 Hocking Parkway Nelsonville, Ohio 45764

We have reviewed the *Independent Auditor's Report* of the Hocking Technical College, Athens County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period July 1, 2021 through June 30, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Hocking Technical College is responsible for compliance with these laws and regulations.

Keith Faber Auditor of State Columbus, Ohio

#### INDEPENDENT AUDITOR'S REPORT

Hocking Technical College Athens County 3301 Hocking Parkway Nelsonville, Ohio 45764

To the Board of Trustees:

## **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements of the business-type activities and the discretely presented component unit of **Hocking Technical College**, Athens County, Ohio (the College), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of Hocking Technical College, Athens County, Ohio as of June 30, 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Marietta, OH St. Clairsville, OH Cambridge, OH Wheeling, WV Vienna, WV

Hocking Technical College Athens County Independent Auditor's Report Page 2

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Hocking Technical College Athens County Independent Auditor's Report Page 3

#### Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards] are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2022, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

## Management's Discussion and Analysis (Unaudited)

The discussion and analysis of Hocking Technical College's (the College) financial statements provides an overview of the College's financial activities for the Fiscal Year ended June 30, 2022. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College's management.

Management's Discussion and Analysis (MD&A) is an element of the reporting models adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34 "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" and Statement No. 35 "Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities." Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

#### **Using this Report**

This annual report consists of a series of financial statements and notes to those statements. These statements are presented following the requirements of GASB Statement No. 34 and Statement No. 35, and are organized so the reader can understand the College as a financial whole, an entire operating entity.

This discussion and analysis is intended to serve as an introduction to the College's basic financial statements. The College's basic financial statements are comprised of two components: the government-wide financial statements and notes to the basic financial statements.

#### Financial Highlights

- The College's capital assets increased \$5.2 million or 7.9% from the previous Fiscal Year due primarily to additions to capital assets exceeding depreciation.
- The College continued the practice of adding to its strategic reserve to continue to increase its expendable net position to improve its Primary Reserve Ratio.
- The College's financial position increased \$7.1 million or 18.8% during the fiscal year. The increase was due primarily to the increases in revenue.

## The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position

One of the most important questions asked about the College's finances is, "Is the College as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position report information on the College as a whole and on its activities in a way that helps answer this question. When revenues and other support exceed expenses, the result is an increase in net position. When the reverse occurs, the result is a decrease in net position. The relationship between revenues and expenses may be thought of as the College's operating results.

These two statements report the College's net position and changes in net position. You can think of the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources as one way to measure the College's financial health, or financial position. Over time, increases or decreases in the College's net position are one indicator of whether its financial health is improving or deteriorating.

You will need to consider many other nonfinancial factors, such as the trend in College applicants, student retention, condition of the buildings, and strength of the faculty, to assess the overall health of the College.

These statements include all assets, liabilities, and deferred inflows/outflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The following is a comparative analysis of the major components of the net position of the College:

Net Position as of June 30 (in millions)				
	2022	2021	Increase (Decrease)	Percent Change
Assets:				
Current Assets	\$22.5	\$27.3	(\$4.8)	(17.6%)
Noncurrent Assets:				
Capital Assets, Net of Accumulated Depreciation	70.8	65.6	5.2	7.9%
Other	5.9	2.6	3.3	126.9%
Total Assets	\$99.2	\$95.5	\$3.7	3.9%
Deferred Outflows of Resources				
Deferred Charges	\$1.4	\$1.5	(\$0.1)	(6.7%)
Pension	4.1	3.9	0.2	5.1%
OPEB	0.9	0.9	0.0	0.0%
Total Deferred Outflows of Resources	\$6.4	\$6.3	\$0.1	1.6%
Liabilities				
Current Liabilities	\$10.8	\$8.7	\$2.1	24.1%
Long-Term Liabilities:				
Due Within One Year	1.4	1.6	(0.2)	(12.5%)
Due in More Than One Year:				
Net Pension Liability	12.7	23.6	(10.9)	(46.2%)
Net OPEB Liability	3.3	3.7	(0.4)	(10.8%)
Other Amounts	17.6	18.6	(1.0)	(5.4%)
Total Liabilities	\$45.8	\$56.2	(\$10.4)	(18.5%)
Deferred Inflows of Resources				
Pension	\$10.8	\$3.7	\$7.1	191.9%
OPEB	4.2	4.2	0.0	0.0%
Total Deferred Inflows of Resources	\$15.0	\$7.9	\$7.1	89.9%
Net Position:				
Net Investment in Capital Assets	\$53.4	\$47.3	\$6.1	12.9%
Restricted - Nonexpendable	1.4	1.1	0.3	27.3%
Restricted - Expendable	2.0	2.1	(0.1)	(4.8%)
Unrestricted(Deficit)	(12.0)	(12.8)	8.0	(6.3%)
Total Net Position	\$44.8	\$37.7	\$7.1	18.8%

## **Current Assets**

Current Assets decreased by \$4.8 million, primarily due to a decrease in cash and cash equivalents. The decrease in cash and cash equivalents is a result of the College adding to its long-term investments and making improvements to capital assets.

## **Noncurrent Assets**

Noncurrent Assets increased by \$8.5 million which was a result of the increase in capital assets due to acquisitions exceeding depreciation and the increase in long-term investments.

## **Deferred Outflows/Inflows of Resources**

These categories, related to the College's pro-rata share of the State's unfunded pension and OPEB liabilities and required to be reported through GASB Statements No. 68 and 75, deferred outflows increased \$0.2 million and deferred inflows increased \$7.1 million, respectively. The College has no control over these amounts. More information about GASB Statements No. 68 and 75 and their impact on the statements of the College can be seen in Notes 8 and 9 and in the required supplementary information at the end of the report.

## **Current Liabilities**

Current Liabilities increased by \$2.1 million or 24.1%, primarily due to increases in unearned revenue.

#### **Long-Term Liabilities**

Long-Term Liabilities decreased by \$12.5 million primarily due to the \$10.9 million decrease in net pension liability and the \$1.0 million decrease in other amounts which is the result of scheduled repayments of bonds during the year. The pension liability amounts are calculated by the pension systems and the College has no control over these liabilities.

#### **Net Position**

The College's overall net position increased by 18.8% from the previous fiscal year. This was primarily the result of an increase in revenues and a decrease in liabilities. The Net Investment in Capital Assets increased by \$6.1 million.

The following is a comparative analysis of the major revenue and expense categories of the College:

Operating Results for the Year (in millions)					
	2022	2021	Increase (Decrease)	Percent Change	
Operating Revenues:					
Tuition and Fees	\$14.5	\$13.7	\$0.8	5.8%	
Grants and Contracts	11.7	8.6	3.1	36.5%	
Sales and Services of Departments	0.1	0.0	0.1	100.0%	
Auxiliary Services	6.1	5.3	8.0	15.1%	
Other Operating Revenue	0.8	0.4	0.4	33.3%	
Total Operating Revenues	33.2	28.0	5.2	18.6%	
Operating Expenses:					
Instructional and Departmental Research	9.8	9.9	(0.1)	(1.0%)	
Public Service	0.3	0.3	0.0	0.0%	
Academic Support	3.6	2.5	1.1	44.0%	
Student Services	2.1	1.9	0.2	10.5%	
Institutional Support	12.9	11.0	1.9	17.3%	
Operation and Maintenance of Plant	1.6	3.2	(1.6)	(50.0%)	
Scholarships and Fellowships	3.7	2.5	1.2	48.0%	
Depreciation	2.3	2.1	0.2	9.5%	
Auxiliary Services	4.3	3.5	0.8	22.9%	
Total Operating Expenses	40.6	36.9	3.7	10.0%	

Operating Results for the Year (in millions)						
			Increase	Percent		
	2022	2021	(Decrease)	Change		
Operating Income (Loss)	(7.4)	(8.9)	1.5	(16.9%)		
Nonoperating Revenues (Expenses):						
Grants and Contracts	4.7	4.7	0.0	0.0		
State Appropriations	10.7	10.8	(0.1)	(0.9%)		
Net Investment Income and Other	(0.7)	0.1	(8.0)	(800.0%)		
Bond Issuance Costs	0.0	(0.1)	0.1	100.0%		
Interest on Capital Asset-Related Debt	(0.4)	(1.0)	0.6	60.0%		
Total Nonoperating Revenues (Expenses)	14.3	14.5	(0.2)	(1.4%)		
Other Revenues (Expenses):						
Capital Appropriations	0.2	1.7	(1.5)	(88.2%)		
Capital Grants and Gifts	0.0	0.1	(0.1)	(100.0%)		
Total Other Revenues (Expenses)	0.2	1.8	(1.6)	(88.9%)		
Change in Net Position	7.1	7.4	(0.3)	(4.1%)		
Net Position - Beginning of Year,	37.7	30.3	7.4	24.4%		
Net Position - End of Year	\$44.8	\$37.7	\$7.1	18.8%		

## **Operating Revenues**

Operating revenues include all transactions that result from the sales of goods and services such as tuition and fees, educational department transactions and auxiliary service fees from residence halls, and operations of the College entrepreneurial ventures, Lake Snowden and parking. In addition, certain federal, state, and local grants are considered operating if they are not for capital purposes and are considered a contract for services.

Operating revenue changes were primarily the result of the following factors:

- Student Tuition and Fees revenue increased \$0.8 million or 5.8% and the increase is primarily the result of a combination of enrollment and adjusted fee structure.
- Grants and Contracts Revenues increased by \$3.1 million or 36.5% due to increased grant funding, with much of that increase coming from HEERF funding.

## **Operating Expenses**

Operating expenses are all the costs necessary to perform and conduct the programs and primary purposes of the College. The operating expense changes were primarily the result of the following factors:

- Institutional Support costs increased \$1.9 million or 17.3%, primarily due to increased spending related to the HEERF funding.
- Academic Support costs increased \$1.1 million or 44.0% due to increased funding to provide academic programming.
- Scholarship and Fellowship costs increased \$1.2 million or 48.0%, primarily due to increased funding available to provide additional scholarships to students.

#### **Nonoperating Revenues**

Nonoperating revenues are all revenue sources that are primarily nonexchange in nature. They consist primarily of certain federal grants, State appropriations and investment income.

Nonoperating revenue decreased slightly as a result of decreased investment income.

#### Other Revenues

Other revenues consist of items that are typically nonrecurring, extraordinary, or unusual to the College. Examples are State of Ohio capital appropriations, and capital grants and gifts from local sources. Other revenues decreased due to State capital appropriations that were provided to the College.

#### **Statement of Cash Flows**

Another way to assess the financial health of the College is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The Statement of Cash Flows also helps users assess:

- An entity's ability to generate future net cash flows;
- Its ability to meet its obligations as they come due; and
- Its need for external financing.

Cash Flows for the Year (in millions)					
	2022	2021	Increase (Decrease)	Percent Change	
Net Cash From:					
Operating Activities	(\$7.7)	(\$10.0)	\$2.3	(23.0%)	
Noncapital Financing Activities	15.2	15.5	(0.3)	(1.9%)	
Capital and Related Financing Activities	(8.9)	(4.5)	(4.4)	97.8%	
Investing Activities	(5.3)	0.7	(6.0)	(857.1%)	
Net Increase (Decrease) in Cash	(6.7)	1.7	(8.4)	(494.1%)	
Cash - Beginning of Year	14.8	13.1	1.7	13.0%	
Cash - End of Year	\$8.1	\$14.8	(\$6.7)	(45.3%)	

The major sources of cash from operating activities are tuition and fees, grants and contracts and auxiliary service charges. Cash outlays include payments for wages, benefits, supplies, utilities, contractual services, and scholarships and fellowships. Overall, net cash from operating activities increased due to increases in revenues which exceeded the increases in expenses. The increase in cash from operating activities was offset by decreases in cash from financing activities. The College also used cash to add to its long-term investments.

State appropriations and certain federal grants are the primary sources of cash from noncapital financing activities. The reporting standards require that the College reflect these sources of revenue as nonoperating even though the budget of the College depends heavily on these sources to continue the current level of operations. Federal grants increased and the College's state appropriations decreased for fiscal year 2022.

A major source of cash outlays include payments for construction projects and other capital assets, and principal paid on the debt that was incurred to acquire and construct these capital assets.

## **Capital Asset and Debt Administration**

## **Capital Assets**

At June 30, 2022, the College had \$71.0 million invested in capital assets, net of accumulated depreciation of \$41.6 million. Depreciation charges totaled \$2.2 million for the current Fiscal Year. Details of these assets for the past two years are shown below.

## Capital Assets - Net of Accumulated Depreciation as of June 30 (in millions)

	2022	2021	Increase (Decrease)
Land	\$5.4	\$5.4	\$0.0
Contruction in Progress	2.4	0.9	1.5
Land Improvements	1.1	1.1	0.0
Buildings and Improvements	55.2	52.7	2.5
Furniture, Fixtures and Equipment	5.9	5.0	0.9
Vehicles/Fleet	0.9	0.5	0.4
Software	0.1	0.0	0.1
Total	\$71.0	\$65.6	\$5.4

More detailed information about the College's capital assets is presented in the notes to the financial statements.

## **Debt**

At June 30, 2022, the College had \$18.6 million in debt outstanding versus \$19.7 million the previous year. The table below summarizes these amounts by type of debt instrument.

Long - Term Debt Outstanding as of June 30 (in millions)					
	2022	2021	Increase (Decrease)		
General Receipt Improvement Bonds	\$0.7	\$1.3	(\$0.6)		
Revenue Bonds	0.1	0.1	0.0		
Refunding Bonds	17.8	18.3	(0.5)		
Total	\$18.6	\$19.7	(\$1.1)		

The College has no current plans to issue additional debt.

More detailed information about the College's long-term liabilities is presented in the notes to the financial statements.

#### **Economic Factors That Will Affect the Future**

Hocking College's funding is impacted by the State of Ohio which makes decisions regarding the overall amount of funding available to Higher Education as well as the distribution of those funds to state supported colleges and universities. The funding formula has been modified in recent years and additional changes to the funding formula are expected. Hocking College is active in its planning to ensure maximization of funding opportunities.

Hocking College's funding is impacted by enrollment. Higher Education institutions across the state of Ohio are seeing declining demographics. Hocking College continues to focus on retention and marketing of its programs to new students. Further, Hocking College has continued development of new, market-relevant programs and is active in its reviews of existing programs to ensure continued viability.

Hocking College continues to build its reputation as an innovative and entrepreneurial educational institution. It understands its importance and its responsibility to meet the initiatives of the State of Ohio in providing a quality education at an affordable price.

## **Contacting the College's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the College's finances and to show the College's accountability for the money it received. If you have any questions about this report or need additional information contact Mark Fuller, Executive Director of Finance, Treasurer, Hocking College Board of Trustees, 3301 Hocking Parkway, Nelsonville, OH 45764 or e-mail at <a href="mailto:fullerm@hocking.edu">fullerm@hocking.edu</a>.

## NOTE 1 - DESCRIPTION OF THE COLLEGE AND REPORTING ENTITY

## A. Description of the College

Hocking Technical College (the College) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio (the State).

The College was formed after the creation of a technical college district, as defined in Chapter 3357 of the Ohio Revised Code. The College operates under the direction of an appointed nine-member Board of Trustees. Three members of this board are appointed by the Governor of the State. The remaining six members are appointed by a caucus of the county, city and exempted village school districts' boards of education that operate in the technical college district. A President is appointed by the Board of Trustees to oversee day-to-day operations of the College. An appointed Treasurer is the custodian of funds and investment officer, and is also responsible for the fiscal controls of the resources of the College which are maintained in the funds described below.

The College is an institution of higher learning dedicated to providing the residents of the technical college district with a low-cost higher education in various academic and vocational technologies, leading to a two-year associate degree.

## B. Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the College are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the College.

Component units are legally separate organizations for which the College is financially accountable. The College is financially accountable for an organization if the College appoints a voting majority of the organization's governing board and (1) the College is able to significantly influence the programs or services performed or provided by the organization; or (2) the College is legally entitled to or can otherwise access the organization's resources; the College is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the College is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the College in that the College approves the budget, the issuance of debt, or the levying of taxes.

The Hocking College Foundation, Inc. (the Foundation), is not a part of the primary government of the College, but due to its relationship with the College, it is discretely presented as a component unit within the College's financial statements. The Foundation is a nonprofit corporation fund-raising organization, dedicated solely to raising scholarships and other funds for the benefit of the College. Specific disclosures relating to the component unit can be found in Note 18.

The College is associated with the South Central Ohio Insurance Consortium, which is a jointly governed organization. Information concerning this organization is presented in Note 15 to the basic financial statements.

The College is not considered to be a component unit of the State.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Basis of Accounting and Presentation

The financial statements of the College have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when they have been reduced to a legal or contractual obligation to pay, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, and Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities, issued in June and November, 1999. The College follows the "business-type activities" reporting requirements of GASB Statement No. 34 that provides a comprehensive one-column look at the financial activities of the College.

The College maintains separate accounting records for several funds, to help assure proper accountability over financial resources restricted to the respective funds. Management has consolidated these funds in these financial statements.

#### B. <u>Budgetary Process</u>

The budget is an annual plan for the financial operations of the College that establishes a basis of control and evaluation of activities financed through the unrestricted current funds of the College. Formal adoption of the budget into the accounting records is not legally mandated, but the College does integrate the board approved budget into its accounts to provide control and evaluation of financial activities.

## C. Appropriations

To provide control over expenditures, a budget is prepared by the Executive Director, Finance/Treasurer with input from other administrative staff and presented to the Board of Trustees for their approval near the beginning of the fiscal year. To account for major developments that occur during the first six months, a revised budget may be prepared and presented to the Board for their approval at anytime during the same fiscal year.

#### D. Encumbrances

The College utilizes an encumbrance system of accounting to record purchase orders, contracts and other commitments for materials or services as a measure of budgetary control over appropriations. Encumbrances outstanding at June 30, 2022 do not constitute expenses or liabilities and are not reflected in the financial statements.

## E. Cash and Investments

To improve cash management, all cash received by the College is pooled in a central bank account, except for the cash received for the Hocking College Foundation, Inc., escrow accounts related to bond activity, and cash held with fiscal agent, which are held separately from the cash management pool of the College. For internal control and accountability purposes, individual fund integrity is maintained through the College records. During fiscal year 2022, investments were limited to nonnegotiable certificates of deposit with local institutions and money market funds, mutual funds, U.S. Treasurey Notes and Bonds, Commercial Paper, and Exchange-Traded Funds.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The College makes investments in accordance with the Board of Trustees' policy, which conforms to the authority granted in the Ohio Revised Code. The purchase of specific investment instruments is at the discretion of the College's Executive Director, Finance/Treasurer within these policy guidelines.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

For purposes of the presentation on the Statement of Net Position, investments of the cash management pool or investments with a maturity of three months or less at the time they are purchased by the College are considered to be cash equivalents.

Cash is being held by the South Central Ohio Insurance Consortium on behalf of the College to pay obligations related to the College's medical, dental, and pharmacy benefits. This balance is reported as "Cash with Fiscal Agent" on the accompanying financial statements.

## F. Accounts Receivables

Receivables at June 30, 2022 consist primarily of student tuition and fees, and auxiliary sales and services. Receivables are reported at net using the direct write-off method.

## G. Inventory

Inventories consist primarily of books and supplies of the bookstore and food inventory for the culinary program and dining services which are stated at the lower of cost or market determined on the first-in-first-out (FIFO) basis.

## H. Capital Assets

Capital assets with a unit cost of \$5,000 or greater are recorded at cost at the date of acquisition, or if donated, at the acquisition value at the date of donation. The College has no significant infrastructure assets. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Expenses for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.

Asset Description	Estimated Useful Life (Years)
Land Improvements	5
Buildings and Improvements	20-50
Furniture, Fixtures, and Equipment	5-15
Vehicles/Fleet	3-5
Software	3

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### I. Compensated Absences

The College records a liability for sick leave and vacation when the obligation is attributable to services previously rendered, to rights that vest or accumulate, and where payment of the obligation is probable and can be reasonably determined.

## J. Pensions/OPEB

For purposes of measuring the net pension/OPEB liability(asset), information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

## K. Operating and Nonoperating Revenues

All revenues from programmatic sources are considered to be operating revenues. Included in nonoperating revenues are certain federal grants and contracts, state appropriations, investment income, and gifts.

#### L. Scholarship Allowances and Student Aid

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid such as loans, funds provided to students as awarded by third parties, and Federal Direct Lending is accounted for as a third party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduces revenues. The amount reported as operating expense represents resources provided in excess of amounts owed by the student to the institution and refunded to the students. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a cash basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

#### M. Federal Financial Assistance Programs

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, Federal Direct Lending, and various other federal programs. Federal programs are audited in accordance with Title 2 U.S. Code of the Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* 

During the fiscal year ended June 30, 2022, the College processed \$7,403,538 for direct lending through the U.S. Department of Education.

## N. Net Position

GASB Statement No. 34 reports equity as "net position" rather than "fund balance." Net position is classified according to external donor restrictions or availability of assets for satisfying obligations of the College. Expendable restricted net position represents funds that have been gifted for specific purposes, funds held in federal and state programs, unexpended bond proceeds restricted for capital use, and funds held in bond escrow accounts.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the policy of the College is to first apply restricted resources.

The unrestricted net position deficit balance of \$12,024,541 at June 30, 2022 includes a balance of \$4,117,316 held for auxiliary services.

#### O. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### P. Restricted Assets

Assets are reported as restricted when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors or laws of other governments or imposed by enabling legislation. As of June 30, 2022, the College reported \$1,361,942 of restricted assets, which is payments made to the escrow agent which are to be used for debt service payments.

#### Q. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the College, deferred outflows of resources include pension and OPEB. The deferred outflows of resources related to pension and OPEB are explained in Note 8 and 9.

In addition to the liabilities, the statement of net position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the College, deferred inflows of resources include pension and OPEB. The deferred inflows of resources related to pension and OPEB are explained in Note 8 and 9.

## **NOTE 3 - NEW GASB PRONOUNCEMENTS**

For the fiscal year ended June 30, 2022, the College implemented GASB Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements," GASB Statement No.96, "Subscription-Based Information Technology Arrangements," GASB Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32," and GASB Statement No. 99, "Omnibus 2022." The implementation of GASB Statements Nos. 94, 96, 97, and 99 had no effect on the prior period fund balances of the College.

## **NOTE 4 - CASH AND INVESTMENTS**

State statutes classify monies held by the College into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the College treasury, in commercial accounts payable or be withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the College has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are public deposits which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation (FDIC), may pledge a pool of government securities equal to at least 105% of the total value of public funds on deposit at the institution, or provide securities through the Ohio Pooled Collateral System as discussed below. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the College's name. During fiscal year 2022, the College complied with the provisions of these statutes.

Interim monies are permitted to be deposited or invested in the following securities:

- a. United States Treasury Notes, Bills, Bonds, or other obligations or securities issued by the United States Treasury, or any other obligations guaranteed as to principal and interest by the United States;
- b. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement exceeds the principal value of the agreement by at least two percent and be marked to fair value daily, and that the term of the agreement must not exceed thirty days;
- d. Bonds and other obligations of the State;

## NOTE 4 - CASH AND INVESTMENTS - Continued

- e. No-load money market mutual funds consisting exclusively of obligations described in division (a) or (b) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
- f. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for arbitrage, the use of leverage and short selling are also prohibited. Any investments must mature within five years from the date of purchase unless matched to a specific obligation or debt of the College, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements" and GASB Statement No. 40, "Deposit and Investment Risk Disclosures".

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned. All deposits are collateralized with eligible securities in accordance with state law. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the College.

At June 30, 2022, the carrying amount of all College deposits was \$9,571,698. Based on the criteria described in GASB Statement No. 40, "*Deposits and Investment Risk Disclosures*", as of June 30, 2022, the College's bank balance of \$9,046,756 was either insured by the Federal Deposit Insurance Corporation or collateralized with pooled securities held by the pledging financial institution in the manner described above.

#### Custodial Credit Risk

The College has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the College and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 % of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

Six of the College's seven financial institutions are enrolled in the OPCS; however, at June 30, 2022, the seventh financial institution still maintained its own collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105% of the deposits being secured.

#### NOTE 4 - CASH AND INVESTMENTS - Continued

Investments: As of June 30, 2022, the College had the following investments and maturity:

	Maturity					
	Measurement	Less Than	One to Two	Three to Five	Credit	% of
Investment Type	Value	One Year	Years	Years	Rating	Portfolio
Fair Value:						
Mutual Funds	\$1,311,024	\$1,311,024	\$0	\$0	N/A	31%
U.S. Treasurery Note/Bond	719,103	\$162,398	\$414,138	\$142,567	AAA	17%
Commercial Paper	181,797	33,035	38,829	109,933	P-1	4%
Exchange-Traded Funds	2,083,461	2,083,461	0	0	N/A	48%
Total	\$4,295,385	\$3,589,918	\$452,967	\$252,500		100%

The College has categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the College's investments are valued using pricing sources as provided by the investments managers (Level 1 inputs)

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the College's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy does not address credit risk beyond the requirements of the Ohio Revised Code. The money market funds are unrated.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the College's securities are either insured and registered in the name of the College or at least registered in the name of the College. The College has no investment policy dealing with investment custodial credit risk beyond the requirements in the state statute that prohibit the payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College places no limit on the amount that may be invested in any one issuer.

#### **NOTE 5 - CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2022 was as follows:

	Balance at			Balance at
<u>_</u>	June 30, 2021	Additions	Deductions	June 30, 2022
Nondepreciable Capital Assets:	_			
Land	\$5,356,371	\$0	\$0	\$5,356,371
Construction in Progress	872,769	1,506,988	0	2,379,757
Total Nondepreciable Capital Assets	6,229,140	1,506,988	0	7,736,128
Depreciable Capital Assets:				
Land Improvements	5,527,429	0	0	5,527,429
Buildings and Improvements	78,989,873	3,976,825	0	82,966,698
Furniture, Fixtures and Equipment	11,858,789	1,545,356	(5,000)	13,399,145
Vehicles/Fleet	1,978,458	405,631	(107,423)	2,276,666
Software	425,546	105,061	0	530,607
Total Depreciable Capital Assets	98,780,095	6,032,873	(112,423)	104,700,545
Total Capital Assets	105,009,235	7,539,861	(112,423)	112,436,673
Accumulated Depreciation:				
Land Improvements	(4,434,482)	(15,136)	0	(4,449,618)
Buildings and Improvements	(26,313,775)	(1,445,108)	0	(27,758,883)
Furniture, Fixtures and Equipment	(6,865,312)	(674,281)	4,002	(7,535,591)
Vehicles/Fleet	(1,432,441)	(91,281)	97,494	(1,426,228)
Software	(408,028)	(25,334)	0	(433,362)
Total Accumulated Depreciation	(39,454,038)	(2,251,140)	101,496	(41,603,682)
Total Net Depreciable Capital Assets _	59,326,057	3,781,733	(10,927)	63,096,863
Total Net Capital Assets	\$65,555,197	\$5,288,721	(10,927)	\$70,832,991

The College's capital assets include the costs of the \$4,023,873 project to construct an Energy Institute facility. This facility is being used for educational and developmental purposes and alternative energy technology programs, fuel cell technology programs, and vehicular hybrid programs. Funding for this project includes an Economic Development Administration federal grant of \$1,612,982 and matching funding from the College. The source of the College's matching amount was a \$3,000,000 Bond Anticipation Note issued in September 2007. The agreement for this grant funding includes a stipulation that if the College decides to use this facility in a different manner other than for alternative energy programs or decides to sell the facility within a 20 year period, this grant will become a mortgage and the entire amount will have to be repaid to the U.S. Department of Commerce. As long as the College uses this facility for its intended purpose for at least 20 years, the College is not obligated to repay any amount of this grant. The College has not reported a liability for this agreement since no obligation to repay exists at June 30, 2022.

#### **NOTE 6 - STATE SUPPORT**

The College is a state-assisted institution of higher education which receives a student based subsidy from the State. This subsidy is determined annually based upon a formula devised by the Ohio Board of Regents.

In addition to the student subsidies, the State provides some capital funding for construction and deferred maintenance. The funding is obtained from the issuance of special obligation bonds by the Ohio Public Facilities Commission (OPFC), which in turn causes the construction and subsequent lease of the facility by the Ohio Board of Regents. Upon completion of a facility, the Board of Regents turns over control to the College, which capitalizes the cost thereof. Neither the obligation for the special obligation bonds issued by the Ohio Public Facilities Commission nor the annual debt service charges for principal and interest on the bonds are reflected in the financial statements of the College. These are currently being funded through appropriations to the Ohio Board of Regents by the Ohio General Assembly.

The facilities are not pledged as collateral for the special obligation bonds. Instead, the bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of the State. If sufficient monies are not available from this fund, a pledge exists to assess a special student fee uniformly applicable to students in state-assisted institutions of higher education throughout the state.

## **NOTE 7 - LONG-TERM LIABILITIES**

Long-term liabilities of the College consist of general receipts improvement bonds, a revenue bond, net pension liability, and compensated absences payable. The change in long-term liabilities are as shown below:

	Balance at June 30,			Balance at	Due Within
	2021	Additions	Deductions	June 30, 2022	One Year
Bonds Payable:		7 tuditionio	Boddottorio	0410 00, 2022	
General Receipts Improvement Bonds 3.0% - 5.0%	\$1,320,000	\$0	\$637,500	\$682,500	\$682,500
Tax Exempt Revenue Bond; 3.07%	116,778	0	57,487	59,291	59,291
Refunding Bonds; 0.746% - 3.002%	18,435,000	0	455,000	17,980,000	265,000
Discount on Bonds	(138,262)	0	(8,133)	(130,129)	0
Total Bonds Payable	19,733,516	0	1,141,854	18,591,662	1,006,791
Net Pension Liability:					
STRS	12,855,688	0	6,298,180	6,557,508	0
SERS	10,711,152	0	4,541,499	6,169,653	0
Total Net Pension Liability	23,566,840	0	10,839,679	12,727,161	0
Net OPEB Liability:					
STRS	0	0	0	0	0
SERS	3,663,758	0	394,175	3,269,583	0
Total Net OPEB Liability	3,663,758	0	394,175	3,269,583	0
Compensated Absences	432,917	615,198	608,329	439,786	433,401
Total Long-Term Liabilities	\$47,397,031	\$615,198	\$12,984,037	\$35,028,192	\$1,440,192

The College issued general receipt improvement bonds, series 2013, in the amount of \$20,995,000 at 3.0% - 5.0% interest dated August 1, 2013 for the purchase of two of the student residence buildings from the Foundation and to also provide funds for various capital improvements throughout the College. Principal is due and payable annually on July 1<sup>st</sup>. Interest is due and payable semi-annually on July 1<sup>st</sup> and January 1<sup>st</sup>. The debt matures on July 1, 2038.

#### **NOTE 7 - LONG-TERM LIABILITIES – Continued**

The College issued an Ohio Air Quality tax exempt revenue bond in the amount of \$535,043 at 3.07% interest dated August 31, 2012 for the acquisition, construction and installation of energy related projects at the main campus in Nelsonville. Principal is due and payable annually on December 1<sup>st</sup>. Interest is due and payable semi-annually on December 1<sup>st</sup> and June 1<sup>st</sup>. The debt matures on December 1, 2022.

On November 19, 2020, the District issued \$18,435,000 of general obligation refunding bonds to refund \$15,910,000 of outstanding 2013 General Receipts Improvements Bonds. The bonds were issued for an 18 year period with final maturity at July 1, 2038. The bond issue included term bonds in the amounts of \$2,415,000 and \$3,900,000. At the date of refunding, \$18,197,350 (after discounts, underwriting fees, and other issuance costs) was deposited in an irrevocable trust to provide for all future debt service payments on the refunded bonds.

These refunding bonds were issued with a discount of \$138,262 which is reported as a decrease to bonds payable. The amounts is being amortized to interest expense over the life of the bonds using the straight- line method; the amortization of the discount for fiscal year 2022 was \$8,133. The issuance costs were \$99,389. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$1,502,872. This difference, reported in the accompanying financial statements as a decrease to bonds payable is being amortized to interest expense over the life of the bonds using the straight-line method. The amortization of this difference for fiscal year 2022 was \$88,404.

The Series 2020 Term Bonds maturing on July 1, 2035 are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the date of redemption, on July 1 in the years and in the respective principal amounts as follows:

Date	Principal Amount to be Redeemed
2034	\$1,190,000
2035	1.225.000

The remaining principal amount of such Series 2020 Term Bonds (\$2,415,000) will be paid at stated maturity on July 1, 2035.

The Series 2020 Term Bonds maturing on July 1, 2038 are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the date of redemption, on July 1 in the years and in the respective principal amounts as follows:

Date	Principal Amount to be Redeemed
2036	\$1,260,000
2037	1,300,000
2038	1,340,000

The remaining principal amount of such Series 2020 Term Bonds (\$3,900,000) will be paid at stated maturity on December 1, 2038.

#### NOTE 7 - LONG-TERM LIABILITIES - Continued

The annual requirements to amortize long-term obligations outstanding as of June 30, 2022 are as follows:

	Tax Ex	empt	General R	eceipts				
	Revenue	Bonds	Improvemer	nt Bonds	Refunding	Bonds	Tota	al
Year Ending								
June 30,	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest
2023	\$59,291	\$870	\$682,500	\$16,000	\$265,000	\$414,587	\$1,006,791	\$431,457

2038-2041	0	0	0	0	2,640,000	119,480	2,640,000	119,480
Totals	\$59,291	\$870	\$682,500	\$16,000	\$17,980,000	\$4,622,643	\$18,721,791	\$4,639,513

#### **NOTE 8 - DEFINED BENEFIT PENSION PLANS**

#### Net Pension Liability

Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability represents the College's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the College's obligation for this liability to annually required payments. The College cannot control benefit terms or the manner in which pensions are financed; however, the College does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The net pension liability (asset) is not reported on the face of the financial statements, but rather disclosed in the notes because of the use of the cash basis framework.

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

#### Plan Description - School Employees Retirement System (SERS)

**Plan Description** — College non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or
Actuarially Reduced Benefits	Age 60 with 5 years of service credit	Age 57 with 30 years of service credit
	Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

<sup>\*</sup> Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018 is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The COLA it is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. The Retirement Board of Trustees approved a 0.5 percent cost-of-living adjustment (COLA) for eligible retirees and beneficiaries for 2021.

**Funding Policy** – Plan members are required to contribute 10 percent of their annual covered salary and the College is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14 percent. For fiscal year 2022, the Retirement Board did not allocate any employer contributions to the Health Care Fund.

The College's contractually required contribution to SERS was \$864,693 for fiscal year 2022.

## NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

#### Plan Description - State Teachers Retirement System (STRS)

**Plan Description** – College licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at <a href="https://www.strsoh.org">www.strsoh.org</a>.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2026, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate goes to the DC Plan and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

**Funding Policy** – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2022, plan members were required to contribute 14 percent of their annual covered salary. The College was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2022 contribution rates were equal to the statutory maximum rates.

The College's contractually required contribution to STRS was \$868,988 for fiscal year 2022.

#### Net Pension Liability

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's share of contributions to the pension plan relative to the projected contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS	Total
Proportion of the Net Pension Liability:			
Current Measurement Date	0.16721240%	0.05128704%	
Prior Measurement Date	0.16194150%	0.05313049%	
Change in Proportionate Share	0.00527090%	-0.00184345%	
Proportionate Share of the Net Pension Liability	\$6,169,653	\$6,557,508	\$12,727,161
Pension Expense (Gain)	(\$461,747)	(\$1,790,962)	(\$2,252,709)

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between Expected and Actual Experience	\$595	\$202,596	\$203,191
Changes of Assumptions	129,915	1,819,170	1,949,085
Contributions and Proportionate Share of Contributions	245,629	0	245,629
College Contributions Subsequent to the Measurement			
Date	864,693	868,988	1,733,681
Total Deferred Outflows of Resources	\$1,240,832	\$2,890,754	\$4,131,586
Deferred Inflows of Resources			
Differences between Expected and Actual Experience	\$160,004	\$41,102	\$201,106
Net Difference between Projected and Actual Earnings	3,177,550	5,651,318	8,828,868
Changes in Porportion and Differences between College			
Contributions and Proportionate Share of Contributions	187,653	1,601,326	1,788,979
Total Deferred Inflows of Resources	\$3,525,207	\$7,293,746	\$10,818,953

\$1,733,681 reported as deferred outflows of resources related to pension resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2023	(\$815,553)	(\$1,845,999)	(\$2,661,552)
2024	(602,693)	(1,203,017)	(1,805,710)
2025	(755,505)	(1,036,431)	(1,791,936)
2026	(975,317)	(1,186,533)	(2,161,850)
	(\$3,149,068)	(\$5,271,980)	(\$8,421,048)

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

#### Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, compared with June 30, 2020, are presented below:

	June 30, 2021	June 30, 2020
Inflation Future Salary Increases, including inflation COLA or Ad Hoc COLA	2.4 percent 3.25 percent to 13.58 percent 2.0 percent, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement	2.40 percent 3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of	7.00 percent net of system
Actuarial Cost Method	System expenses Entry Age Normal (Level Percent of Payroll)	expense, including inflation Entry Age Normal (Level Percent of Payroll)

Mortality rates for 2021 were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Mortality rates for 2020 were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation		Long Term Expected Real Rate of Return
Cash	2.00	%	(0.33) %
US Equity	24.75		5.72
Non-US Equity Developed	13.50		6.55
Non-US Equity Emerging	6.75		8.54
Fixed Income/Global Bonds	19.00		1.14
Private Equity	11.00		10.03
Real Estate/Real Assets	16.00		5.41
Multi-Asset Strategy	4.00		3.47
Private Debt/Private Credit	3.00		5.28
Total	100.00	%	

**Discount Rate** The total pension liability for 2021 was calculated using the discount rate of 7.00 percent. The discount rate for 2020 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

		Current	
	1% Decrease	Discount Rate	1% Increase
College's Proportionate Share			
of the Net Pension Liability	\$10,264,787	\$6,169,653	\$2,716,047

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

#### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2021, actuarial valuation compared to those used in the June 30, 2020, actuarial valuation are presented below:

-	June 30, 2021	June 30, 2020
Inflation	2.50 percent	2.50 percent
Projected salary increases	12.50 percent at age 20 to	12.50 percent at age 20 to
	2.50 percent at age 65	2.50 percent at age 65
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation
Discount Rate of Return	7.00 percent	7.45 percent
Payroll Increases	3.00 percent	3.00 percent
Cost-of-Living Adjustments (COLA)	0.0 percent	0.0 percent,

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

A OI	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return*
Domestic Equity	28.00%	7.35%
International Equity	23.00%	7.55%
Alternatives	17.00%	7.09%
Fixed Income	21.00%	3.00%
Real Estate	10.00%	6.00%
Liquidity Reserves	1.00%	2.25%
Total	100.00%	

<sup>\* 10</sup> year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, and does not include investment expenses. Over a 30 year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

#### NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2021, and was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2021.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
College's Proportionate Share			
of the Net Pension Liability	\$12,279,759	\$6,557,508	\$1,722,219

Changes Between the Measurement Date and the Reporting date In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. These demographic measures include retirement, salary increase, disability/termination and mortality assumptions. In March 2022, the STRS Board approved benefit plan changes to take effect on July 1, 2022. These changes include a one-time three percent cost-of-living increase (COLA) to be paid to eligible benefit recipients and the elimination of the age 60 requirement for retirement age and service eligibility that was set to take effect in 2026. The effect on the net pension liability is unknown.

#### **NOTE 9 - POSTEMPLOYMENT BENEFITS**

#### Net OPEB Liability

OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net OPEB liability represents the College's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

#### **NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)**

Ohio Revised Code limits the College's obligation for this liability to annually required payments. The College cannot control benefit terms or the manner in which OPEB are financed; however, the College does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term net OPEB liability on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in accounts payable and other accrued liabilities payable on both the accrual and modified accrual bases of accounting.

#### Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The College contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981 do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

#### **NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)**

**Funding Policy** - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2022, no allocation of covered payroll was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the College's surcharge obligation was \$112,439.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$112,439 for fiscal year 2022.

#### Plan Description - State Teachers Retirement System (STRS)

**Plan Description** – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements was discontinued effective January 1, 2020. The Plan is included in the report of STRS which can be obtained by visiting <a href="https://www.strsoh.org">www.strsoh.org</a> or by calling (888) 227-7877.

**Funding Policy** – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

#### NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)

#### Net OPEB Liability

The net OPEB liability(asset) was measured as of June 30, 2021, and the total OPEB liability(asset) used to calculate the net OPEB liability(asset) was determined by an actuarial valuation as of that date. The College's proportion of the net OPEB liability was based on the College's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS	Total
Proportion of the Net OPEB Liability:			
Current Measurement Date	0.17275780%	0.05128704%	
Prior Measurement Date	0.16857830%	0.05313049%	
Change in Proportionate Share	0.00417950%	-0.00184345%	
Proportionate Share of the Net OPEB Liability/(Asset)	\$3,269,583	(\$1,081,345)	\$2,188,238
OPEB Expense (Gain)	(\$216,136)	(\$161,084)	(\$377,220)

At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources	_		_
Differences between Expected and Actual Experience	\$34,852	\$38,509	\$73,361
Net Difference between Projected and Actual Investment			
Earnings			0
Changes of Assumptions	512,921	69,071	581,992
Changes in Proportion and Differences between College			
Contributions and Proportionate Share of Contributions	101,590	0	101,590
College Contributions Subsequent to the Measurement Date	112,439	0	112,439
Total Deferred Outflows of Resources	\$761,802	\$107,580	\$869,382
Deferred Inflows of Resources			
Differences between Expected and Actual Experience	\$1,628,398	\$198,122	\$1,826,520
Net Difference between Projected and Actual Investment			
Earnings	71,033	299,729	370,762
Changes of Assumptions	447,741	645,101	1,092,842
Changes in Proportion and Differences between College			
Contributions and Proportionate Share of Contributions	645,676	266,942	912,618
Total Deferred Inflows of Resources	\$2,792,848	\$1,409,894	\$4,202,742

\$112,439 reported as deferred outflows of resources related to OPEB resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2023	(\$537,969)	(\$382,046)	(\$920,015)
2024	(538,466)	(374,542)	(913,008)
2025	(491,071)	(369,911)	(860,982)
2026	(373,234)	(132,836)	(506,070)
2027	(165,930)	(43,650)	(209,580)
Thereafter	(36,815)	671	(36,144)
	(\$2,143,485)	(\$1,302,314)	(\$3,445,799)

#### **Actuarial Assumptions - SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

#### NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021, compared with June 30, 2020, are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.40 percent	3.00 percent
Future Salary Increases, including inflation Wage Increases	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation	7.50 percent net of investment expense, including inflation
Municipal Bond Index Rate:		, ,
Measurement Date	1.92 percent	2.45 percent
Prior Measurement Date	2.45 percent	3.13 percent
Single Equivalent Interest Rate,		
net of plan investment expense,		
including price inflation		
Measurement Date	2.27 percent	2.63 percent
Prior Measurement Date	2.63 percent	3.22 percent
Medical Trend Assumption		
Medicare	5.125 to 4.40 percent	5.25 to 4.75 percent
Pre-Medicare	6.75 to 4.40 percent	7.00 to 4.75 percent

For 2021, mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table.

For 2020, mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

#### NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	100.00 %	

**Discount Rate** The discount rate used to measure the total OPEB liability at June 30, 2021 was 2.27 percent. The discount rate used to measure total OPEB liability prior to June 30, 2020 was 2.63 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 1.50 percent of projected covered employee payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by STRS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2020 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92 percent at June 30, 2021 and 2.45 percent at June 30, 2020.

Sensitivity of the College's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27 percent) and higher (3.27 percent) than the current discount rate (2.27 percent). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75 percent decreasing to 3.40 percent) and higher (7.75 percent decreasing to 5.40 percent) than the current rate.

	Current				
	1% Decrease	Discount Rate	1% Increase		
College's Proportionate Share of the Net OPEB Liability	\$4,051,409	\$3,269,583	\$2,645,005		
		Current			
	1% Decrease	Trend Rate	1% Increase		
College's Proportionate Share of the Net OPEB Liability	\$2,517,311	\$3,269,583	\$4,274,387		

#### NOTE 9 - POSTEMPLOYMENT BENEFITS— (Continued)

#### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2021, actuarial valuation and the June 30, 2020 actuarial valuation are presented below:

	June 30, 2021	June 30, 2020
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return Health Care Cost Trends Medical	7.00 percent	7.45 percent
Pre-Medicare	5.00 percent initial, 4 percent ultimate	5.00 percent initial, 4 percent ultimate
Medicare Prescription Drug	-16.18 percent initial, 4 percent ultimate	-6.69 percent initial, 4 percent ultimate
Pre-Medicare Medicare	6.50 percent initial, 4 percent ultimate 29.98 initial, 4 percent ultimate	6.50 percent initial, 4 percent ultimate 11.87 initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021; valuation is based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

#### **NOTE 9- POSTEMPLOYMENT BENEFITS – (Continued)**

STRS' investment consultant develops an estimate range for the investment return assumptio7n based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return *
Demostic Equity	29.00.0/	7.25 0/
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	100.00 %	

<sup>\* 10</sup> year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actual rate of return, without net value added by management.

**Discount Rate** The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2020, and was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan assets of 7.00 percent was used to measure the total OPEB liability as of June 30, 2021.

Sensitivity of the College's Proportionate Share of the Net OPEB Liability/Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB liability/asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB liability/asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	Current			
	1% Decrease	Discount Rate	1% Increase	
College's Proportionate Share of the Net OPEB Asset	-			
	(\$912,488)	(\$1,081,345)	(\$1,222,400)	
		Current		
	1% Decrease	Trend Rate	1% Increase	
College's Proportionate Share of the Net OPEB Asset	(\$1,216,684)	(\$1,081,345)	(\$913,986)	

#### NOTE 9 - POSTEMPLOYMENT BENEFITS - (Continued)

**Changes Between the Measurement Date and the Reporting date** In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. The effect on the net OPEB liability is unknown.

#### **NOTE 10 - OTHER EMPLOYEE BENEFITS**

<u>Compensated Absences:</u> Vacation and sick leave accumulated by employees has been recorded by the College. Upon termination of College service, a fully vested employee is entitled to 25% of their accumulated sick leave not to exceed 50 days plus all accumulated vacation. At June 30, 2022, the long-term liability for vested and probable benefits for vacation and sick leave totaled \$38,273, and the short-term liability totaled \$394,644 for a total liability of \$432,917.

<u>Insurance Benefits:</u> Medical, prescription, and dental insurance is offered to employees through the South Central Ohio Insurance Consortium (SCOIC). The College was self-funded with SCOIC effective January 1, 2017 and this arrangement is further described in Note 12 – "Risk Management". The College provides life insurance and accidental death and dismemberment insurance to employees through Metlife Insurance Company.

<u>Deferred Compensation:</u> College employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

Under the deferred compensation program, all plan assets are now being held in a trust arrangement for the exclusive benefit of all participants and their beneficiaries as required by the Small Business Job Protection Act of 1996. Under this Act, all existing deferred compensation plans were required to establish such a trust arrangement by January 1, 1999. As a result, the assets of this plan are no longer reflected in the financial statements of the College.

#### NOTE 11 - THE LODGE AT HOCKING COLLEGE

The Lodge at Hocking College ("The Lodge") re-opened in June 2021 as a hotel, conference, event center, and live learning lab for students. The Lodge markets itself as a space with modern and rustic themes, having 39 guest rooms as well as multiple spaces for conferences and events, with available on-site catering. The Lodge serves as a training space and learning lab for culinary and hospitality programs.

#### NOTE 12 - RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College has addressed these various types of risk and has contracted with Reed and Baur Insurance with Insurance Protection provided through Wright Specialty Insurance Company for Commercial General Liability (including Sexual Misconduct, Employee Benefits Liability, Employers Stop Gap, Law Enforcement, Adverse Event Response Coverage) Educators Legal Liability, Property, Inland Marine, Crime and Fleet Insurance Coverage.

The Crime coverage provides coverage for Public Officials/Public Employee Dishonesty of \$250,000, Money and Securities of \$50,000 and Forgery & Alteration of \$250,000.

#### NOTE 12 - RISK MANAGEMENT - Continued

The General Liability Insurance is maintained for each coverages limits listed below retaining a \$25,000 deductible:

- General Liability Insurance \$1,000,000 per occurrence/\$3,000,000 aggregate
- Sexual Misconduct Liability \$1,000,000 per occurrence/\$1,000,000 aggregate
- Counseling Professional Liability Coverage \$1,000,000 per occurrence/ \$1,000,000 aggregate
- Employers Stop Gap Liability \$1,000,000 per occurrence /\$1,000,000 aggregate

The General Liability Insurance additional limits of coverage for:

- Employee Benefits Liability \$1,000,000 per occurrence/\$3,000,000 aggregate \$1,000 Deductible
- Law Enforcement Liability \$1,000,000 per occurrence/\$1,000,000 aggregate \$2,500 Deductible

Educators Legal Liability Insurance is maintained with limits of liability of \$1,000,000 for each occurrence and \$1,000,000 in the aggregate and a \$25,000 deductible.

The College also carries a \$10,000,000 Excess Liability Policy that provides coverage beyond the General Liability (including Sexual Misconduct, Employee Benefits Liability, Employers Stop Gap, Law Enforcement, Adverse Event Response Coverage) and the Educators Legal coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the last three fiscal years. There has been no significant reductions in coverage from the prior year. The College also carries cyber coverage with an aggregate limit of \$2,000,000.

The College maintains Fleet Insurance in the amount of \$1,000,000 for any one accident or loss. Uninsured-Underinsured Motorists Liability \$1,000,000 per occurrence. Hired and Non-Owned Auto Liability included as well as physical damage for Comprehensive and Collision for each unit with a \$5,000 deductible per occurrence.

The Excess Liability Policy also extends the \$10,000,000 protection over the fleet liability coverage.

The College maintains replacement cost insurance on buildings and contents in the amount of \$134,598,081 with a \$10,000 deductible per occurrence. The College maintains coverage for Business Income Loss and extra expense coverage in all college operations with a limit of \$27,750,000. Additionally, the College has a special liquor liability insurance policy in the amount of \$1,000,000 for each occurrence regarding the operations of the lounge, and catering in The Lodge at Hocking College as well as a separate liquor liability insurance policy in the amount of \$1,000,000 per occurrence for the Rhapsody Restaurant.

The College maintains a Commercial Inland Marine Coverage on building and grounds equipment in the amount of \$200,000 with a \$1,000 deductible per occurrence and miscellaneous articles (as scheduled) in the amount of \$5,277,089 with a \$5,000 deductible per occurrence.

The College pays the State Workers' Compensation System a premium based on a rate per each \$100 of total salaries from the prior calendar year. This rate is calculated based on accident history and administrative costs.

The College provides medical, prescription and dental insurance for its employees. Premiums are paid directly to the South Central Ohio Insurance Consortium (SCOIC). SCOIC contracted with Employee Benefits Management Corporation to service the claims of SCOIC members.

The College was self funded with the South Central Ohio Insurance Consortium effective January 1, 2016.

The South Central Ohio Insurance Consortium was established to accumulate balances sufficient to self-insure basic medical and prescription drug coverage and permit excess umbrella coverage for claims over a predetermined level.

#### NOTE 12 - RISK MANAGEMENT - Continued

The Board's share and the employees' share of premium contributions are determined by the negotiated agreement for certificated employees and by Board action for administrators and classified employees.

Premiums are paid to the South Central Ohio Insurance Consortium Fund from the Self Insurance Fund of the College. The College had a cash balance of \$814,125 with the fiscal agent at June 30, 2022. Claims payments are made on an as-incurred basis by the third party administrator, with the balance of contributions remaining with the fiscal agent of the Consortium.

The member districts are self insured for medical, dental and pharmacy benefits. The risk for medical, dental and pharmacy benefits remains with the members. The claims payable will be reported for medical, dental and pharmacy claims as of June 30, 2022, and cash with fiscal agent for the balance of funds held by the Consortium that covers medical, dental and pharmacy claims will also be reported.

The claims liability of \$428,313 reported at June 30, 2022 is based on an estimate provided by the third party administrators and the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for unpaid claim costs, including estimates of costs related to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Change in claims activity for the past two fiscal years are as follows:

		Balance at	Current	Claims	Balance at
_	Fiscal Year	Beginning of Year	Year Claims	Payments	End of Year
-	2021	\$222,046	\$1,757,665	\$1,753,007	\$226,704
	2022	226,704	6,356,692	6,155,083	428,313

#### NOTE 13 - CONTINGENCIES

#### **Grants**

The College receives financial assistance from federal and state agencies in the form of grants. The receipt of funds under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability to the College. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the College at June 30, 2022.

#### **Litigation**

The College is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The College's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material adverse effect on the overall financial position of the College at June 30, 2022.

#### NOTE 14 - <u>COVID-19</u>

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency continues. During fiscal year 2022, the College received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the College. The College's investment portfolio and the investments of the pension and other employee benefit plan in which the College participates have incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the College's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

#### **NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS**

#### South Central Ohio Insurance Consortium (SCOIC)

South Central Ohio Insurance Consortium is a regional council of governments organized under Ohio Revised Code Chapter 167. The SCOIC's primary purpose and objective is establishing and carrying out a cooperative health program for its member organizations. The governing board consists of the superintendent or other designee appointed by each of the members of the SCOIC. The College does not have an ongoing financial interest in or financial responsibility for the SCOIC other than claims paid on behalf of the College for College employees. To obtain financial information on the SCOIC, write to the Bloom-Carroll Local School District, Travis Bigam, who serves as Treasurer, at 5240 Plum Road, Carroll, Ohio 43112.

#### **NOTE 16 - RELATED PARTY TRANSACTION**

As of the end of fiscal year 2022, the Hocking College Foundation has paid \$250,000 to the College towards various projects through out the campus. The College has also reported a Due from Component Unit receivable and a Due to Component Unit liability in the financial statements.

#### **NOTE 17 - DONOR RESTRICTED ENDOWMENTS**

Under the standard established by Section 1715.56 of the Ohio Revised Code ("ORC"), an institution may appropriate as much as is prudent of the realized and unrealized net appreciation of the fair value of assets of the endowment fund over the historic dollar value of the fund for the uses and purposes for which an endowed fund is established. The College's investments are held in CD and investment accounts where the interest and investment gains are credited to temporarily restricted funds and spent in compliance with donor restrictions placed on earnings. Investment earnings of non-endowment investments are recorded as unrestricted earnings and expended at the discretion of the Board of Trustees who are required to consider the College's long- and short-term needs when deciding how the funds should be allocated. Any net appreciation that is spent is required to be spent for the purposes for which the fund was established. As of June 30, 2022, there was no net appreciation on donor-restricted assets available to be spent. The nonspendable principal balance of the endowments is reported as net position restricted for nonexpendable endowments on the accompanying Statement of Net Position.

#### NOTE 18 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC.

The Hocking College Foundation Inc. was incorporated with the State of Ohio on October 21, 1992 and created for the purpose of operating exclusively for charitable and educational purposes in support of Hocking Technical College, a state institution of higher learning, authorized and existing under Chapter 3357 of the Ohio Revised Code.

The Internal Revenue Service granted a foundation status classification under 501(a) of the IRS Regulations as an organization described in Section 501(c)(3), granting the Foundation tax-exempt status. The initial five year ruling period ending June 30, 1997, was updated on November 6, 1997 with the IRS reaffirming the Foundation's exempt status under Section 501(a) as described in 501(c)(3) of the Internal Revenue Code.

#### Summary of Significant Accounting Policies

#### **Basis of Accounting and Presentation**

The financial statements of the Hocking College Foundation, Inc. (hereinafter referred to as "the Foundation"), have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

#### NOTE 18 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

The financial statements have been prepared in accordance with generally accepted accounting principles. Although the Foundation is supposed to report under the Financial Accounting Standards Board (FASB) standards, the financial statements have been presented in accordance with the Governmental Accounting Standards Board (GASB), including Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, and Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities, issued in June and November, 1999, to conform to the College's financial statement presentation.

#### Cash and Investments

All cash received by the Foundation is deposited in a central bank account. During fiscal year 2022, investments were limited to money market accounts and mutual funds.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

For purposes of the presentation on the Statement of Net Position, investments with an original maturity of three months or less at the time they are purchased by the Foundation are considered to be cash equivalents.

#### Capital Assets

Capital assets with a unit cost of \$5,000 or greater are recorded at cost at the date of acquisition, or if donated, at acquisition value at the date of donation. The Foundation has no significant infrastructure assets. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Expenses for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.

Asset Description Useful Life (Years)

Buildings and Improvements 20-50

#### Cash and Investments

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements" and GASB Statement No. 40, "Deposit and Investment Risk Disclosures".

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the Foundation's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 102% of the carrying value of the deposits. Such collateral, as permited by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Foundation.

At June 30, 2022, the carrying amount of all Foundation deposits was \$215,448. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosures", as of June 30, 2022, the Foundation's bank balance of \$215,448 was either insured by the Federal Deposit Insurance Corporation or collateralized with pooled securities held by the pledging financial institution in the manner described above.

#### NOTE 18 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

Custodial Credit Risk: The Foundation has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the Foundation and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 % of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

The Foundation's financial institution is enrolled in the OPCS at June 30, 2022.

Investments: As of June 30, 2022, the Foundation had the following investments and maturities:

Investment Type	Fair Value	Maturity
Mutual Funds	\$1,520,883	< 1 Year
Money Market Funds	33,379	< 1 Year
Total	\$1,554,262	

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the Foundation's investment policy limits investment portfolio maturities to five years or less.

*Credit Risk:* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Foundation's investment policy does not address credit risk beyond the requirements of the Ohio Revised Code. The credit ratings of the Foundation's investments at June 30, 2022 are as follows:

Credit Rating	Net Asset Value Per Share
Unrated	\$1,520,883
	Net Asset Value
Credit Rating (S&P)	Per Share
A2	\$33,379

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the Foundation's securities are either insured and registered in the name of the Foundation or at least registered in the name of the Foundation. The Foundation has no investment policy dealing with investment custodial credit risk beyond the requirements in the state statute that prohibit the payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Foundation places no limit on the amount that may be invested in any one issuer. The Foundation holds 97.9% in mutual funds and 2.1% in money market funds.

#### NOTE 18 - COMPONENT UNIT DISCLOSURES - HOCKING COLLEGE FOUNDATION, INC. - Continued

The classification of cash and cash equivalents, and investments in the financial statements is based on criteria set forth in GASB Statement No. 9, "Reporting Cash Flows of Proprietary and Non-Expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting". For purposes of the Statement of Cash Flows, cash and cash equivalents include investments of the cash management pool and investments with maturities of three months or less at the time of their purchase by the Foundation.

#### Other Receivables

At June 30, 2022, the Foundation had pledges of future donations in the amount of \$18,000. These pledges have been reported as Other Receivables as of June 30, 2022 and will be received in future fiscal years. These pledges have been made by donors of the Foundation and the Foundation expects to receive the full amount of the pledges. Pledges receivable are unconditional promises to give and are recognized at the present value of future cash flows. No allowance for uncollectible promises to give is considered necessary. All pledges are unconditional promises to give with the following due dates:

	Amount
Within One Year One to Five Years	\$18,000
One to tive reals	
Total	\$18,000

#### **Capital Assets**

Capital asset activity for the year ended June 30, 2022 was as follows:

	Balance at June 30, 2021	Additions	Deductions	Balance at June 30, 2022
Nondepreciable Capital Assets: Land	\$78,880	\$0	\$0	\$78,880
Capital Assets, Net	\$78,880	\$0	\$0	\$78,880

#### **Donor Restricted Endowments**

Under the standard established by Section 1715.56 of the Ohio Revised Code ("ORC"), an institution may appropriate as much as is prudent of the realized and unrealized net appreciation of the fair value of assets of the endowment fund over the historic dollar value of the fund for the uses and purposes for which an endowed fund is established. The Foundation's investments are stated at market value, with changes in the market value being recognized as gains and losses during the period in which they occur. Market value is determined by market quotations. Investment earnings from endowment investments are credited to temporarily restricted funds and spent in compliance with donor restrictions placed on earnings. Investment earnings of non-endowment investments are recorded as unrestricted earnings and expended at the discretion of the Foundation's Investment Committee who makes a recommendation to its Board of Directors and expends as decided. As of June 30, 2022, there was no net appreciation on donor-restricted assets available to be spent. The nonspendable principal balance of the endowments is reported as net position restricted for nonexpendable endowments on the accompanying Statement of Net Position.

Notes to the Supplementary Information For the Fiscal Year Ended June 30, 2022

#### NOTE 1 - SCHOOL EMPLOYEES RETIREMENT SYSTEM OF OHIO

#### **Pension**

#### Changes in benefit terms:

2014-2017: There were no changes in benefit terms for the period.

2018: The following were the most significant changes in benefit terms:

- The cost-of-living adjustment was changed from a fixed 3.00% to a cost-of-living adjustment that is indexed to CPI-W not greater than 2.5% with a floor of 0% beginning January 1, 2018.
- Under HB 49, the Board enacted a three-year COLA suspension for benefit recipients in calendar year 2018, 2019 and 2020.

2019: The following were the most significant changes in benefit terms:

• Under Senate Bill 8, the Board enacted a three-year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

2020-2022: There were no changes in benefit terms for the period.

#### Changes in assumptions:

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2017: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members was updated to the following:
  - RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. The above rates represent the base rates used.
- Mortality among service retired members, and beneficiaries was updated to the following:
  - RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.

2018-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2022: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Assumed rate of inflation was reduced from 3.00% to 2.4%
- Payroll Growth Assumption was reduced from 3.5% to 3.25%
- Mortality among active members was updated to the following:
  - PUB 2010 General Employee Amount Weighted Below Medium Healthy Retiree Mortality Table
    with fully generational projection and a five year age set-forward for both males and females. The
    above rates represent the base rates used.

Notes to the Supplementary Information For the Fiscal Year Ended June 30, 2022

#### NOTE 1 - SCHOOL EMPLOYEES RETIREMENT SYSTEM OF OHIO (Continued)

- Mortality among service retired members, and beneficiaries was updated to the following:
  - PUB 2010 General Employee Amount Weighted Below Medium Healthy Retiree Mortality Table with fully generational projection with Scale BB, 105.5% of male rates, and 122.5% of female rates.

#### Other Postemployment Benefits

Changes in benefit terms:

2017-2022: There were no changes in benefit terms for the period.

#### Changes in assumptions:

2017: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members was updated to the following:
  - o RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females.
- Mortality among service retired members, and beneficiaries was updated to the following:
  - RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.
- Mortality among disabled members was updated to the following:
  - RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

2018: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Discount rate used to measure the total OPEB liability at June 30, 2017 was 3.63 percent.
- Discount rate used to measure total OPEB liability prior to June 30, 2017 was 2.98 percent.

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2022: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Assumed rate of inflation was reduced from 3.00% to 2.4%
- Payroll Growth Assumption was reduced from 3.5% to 3.25%
- Mortality among active members was updated to the following:
  - PUB 2010 General Employee Amount Weighted Below Medium Healthy Retiree Mortality Table
    with fully generational projection and a five year age set-forward for both males and females. The
    above rates represent the base rates used.
- Mortality among service retired members, and beneficiaries was updated to the following:
  - PUB 2010 General Employee Amount Weighted Below Medium Healthy Retiree Mortality Table with fully generational projection with Scale BB, 105.5% of male rates, and 122.5% of female rates.

#### NOTE 2 - STATE TEACHERS RETIREMENT SYSTEM OF OHIO

#### Pension

Changes in benefit terms:

2017-2022: There were no changes in benefit terms for the period.

Notes to the Supplementary Information For the Fiscal Year Ended June 30, 2022

#### NOTE 2 - STATE TEACHERS RETIREMENT SYSTEM OF OHIO (Continued)

#### Changes in assumptions:

2018: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Long term expected rate of return was reduced from 7.75% to 7.45%,
- Inflation assumption was lowered from 2.75% to 2.50%,
- Payroll growth assumption was lowered to 3.00%,
- Total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation.
- Healthy and disabled mortality assumptions were updated to the following:
  - o RP-2014 mortality tables with generational improvement scale MP-2016. Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2022: Long term expected rate of return was reduced from 7.45% to 7.00%.

#### Other Postemployment Benefits

#### Changes in benefit terms:

2017: There were no changes in benefit terms for the period.

2018: The following were the most significant changes in benefit terms:

- The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1% to 1.9% per year of service.
- Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries
- All remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.
- Subsequent to the current measurement date, the date for discontinuing remaining Medicare Part B premium reimbursements is extended to January 2020.

2019: The following were the most significant changes in benefit terms:

- The subsidy multiplier for non-Medicare benefit recipients was increased from 1.9% to 1.944% per year of service effective January 1, 2019.
- The non-Medicare frozen subsidy base premium was increased effective January 1, 2019.
- All remaining Medicare Part B premium reimbursements will be discontinued beginning January 2021.

2020: The following were the most significant changes in benefit terms:

- The subsidy multiplier for non-Medicare benefit recipients was increased from 1.944% to 1.984% per year
  of service effective January 1, 2020.
- The non-Medicare frozen subsidy base premium was increased effective January 1, 2020.
- Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare Plan.
- Medicare Part B monthly reimbursements elimination date was postponed to January 1, 2021.

2021: The following were the most significant changes in benefit terms:

- The subsidy multiplier for non-Medicare benefit recipients was increased from 1.984% to 2.055% per year of service effective January 1, 2021.
- The non-Medicare frozen subsidy base premium was increased effective January 1, 2021.
- Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare Plan.
- Medicare Part B monthly reimbursements elimination date was postponed indefinitely.

2022: There were no changes in benefit terms for the period.

Notes to the Supplementary Information For the Fiscal Year Ended June 30, 2022

#### NOTE 2 - STATE TEACHERS RETIREMENT SYSTEM OF OHIO (Continued)

Changes in assumptions:

2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2018: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Discount rate was increased from 3.26% to 4.13%
- Long term expected rate of return was reduced from 7.75% to 7.45%.
- Valuation year per capita health care costs were updated, and the salary scale was modified.
- The percentage of future retirees electing each option was updated
- The percentage of future disabled retirees and terminated vested participants electing health coverage were decreased.
- The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

2019: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45%
- Valuation year per capita health care costs were updated

2020-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2022: Discount rate was reduced from 7.45% to 7.00%.

The accompanying notes to the Schedule of Expenditures of Federal Awards are an integral part of the Schedule.

## HOCKING TECHNICAL COLLEGE Notes to the Schedule of Expenditures of Federal Awards 2 CFR 200.510(b)(6) For the Fiscal Year Ended June 30, 2022

#### NOTE 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Hocking Technical College (the College) under programs of the federal government for the year ended June 30, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net position, or cash flows of the College.

#### **NOTE 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements, although the basis for determining when federal awards are expended is presented in accordance with the requirements of the cost principles contained Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### **NOTE 3 – Indirect Cost Rate**

The College has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### **NOTE 4 – Federal Direct Loans Program**

The College participates in the Federal Direct Student Loan Program. The dollar amount listed in the Schedule represents new loans advanced during the fiscal year ended June 30, 2022. The College is a direct lender for these loan funds; however, they are not responsible for collecting these loans in future periods.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Hocking Technical College Athens County 3301 Hocking Parkway Nelsonville, OH 45764

#### To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standard applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component unit of **Hocking Technical College**, Athens County, (the College) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and have issued our report thereon dated December 15, 2022.

#### Report on the Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances for the purposes of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Hocking Technical College Athens County Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Hocking Technical College Athens County 3301 Hocking Parkway Nelsonville, OH 45764

To the Board of Trustees:

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited **Hocking Technical College's** (the College) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Hocking Technical College's major federal programs for the year ended June 30, 2022. Hocking Technical College's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of audit findings.

In our opinion, Hocking Technical College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

The College's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

PASSION Beyond the Numbers

perrycpas.com

Hocking Technical College Athens County Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 2

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on
  a test basis, evidence regarding the College's compliance with the compliance requirements
  referred to above and performing such other procedures as we considered necessary in the
  circumstances.
- obtain an understanding of the College's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report
  on internal control over compliance in accordance with the Uniform Guidance, but not for the
  purpose of expressing an opinion on the effectiveness of the College's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Hocking Technical College Athens County Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
